How your training journey looks like

Live online sessions & Self-paced materials

We have live online sessions designed at specific timings suitable for both students & working professionals.

Foundational step

At **PEICE** we believe strongly that good advancements happen only with strong foundation. We have designed the curriculum to give you strong foundation on **Clinical Research**.

Domain Knowledge

Having Installed the foundatin, here we dive into introducing the DOMAIN selected covering 360degrees.

How your training journey looks like

Practical Industry Exposure

In order to succeed or step into Industry Theoretical knowledge alone cannot support. So here we dive into Practical applications and understanding their reach.

Project & Interview preparation

This is an **USP** of **PEICE**, Interview has to be cleared by the candidate alone. So Training doesnot come to an end without training you on **interview handling tips** and take you to success.

CV preparation & Mock Interview

We identify every individual registered with us for the gaps or areas of improvement and train you on how to frame your CV for the respective job role and thus you surely **TASTE the SUCESS in CAREER.**
