How your training journey looks like

Practical Industry Exposure

In order to succeed or step into Industry Theoretical knowledge alone cannot support. So here we dive into Practical applications and understanding their reach.

Project & Interview preparation

This is an **USP** of PEICE, Interview has to be cleared by the candidate alone. So Training does not come to an end without training you on **Interview handling tips** and take you to success.

CV preparation & Mock Interview

We identify every individual registered with us for the gaps or areas of improvement and train you on how to frame your CV for the respective job role and thus you surely **TASTE the SUCESS in CAREER**.

Training resources

Essentials handbook

Training journal

Modules

Its an understanding of what we want to do at PEICE
